VOL. LIX: No. 43. REDWOOD CITY, CALIFORNIA, SATURDAY, JANUARY 24, 1920 ESTABLISHED 1859

THOMAS HIND, PIONEER BUTCHER PASSED AWAY THURSDAY MORNING

Thomas Hind, the pioneer butcher of this city, passed away at the Peninsula hospital in Palo Alto on Thursday morning following a brief illness caused by a heart affection.

He was taken to the institution suffering from an attack of pneumonia a week ago. He recovered from this ailment but heart trouble developed immediately and he succumbed to the disease despite all that the most skillful physicians could do.

Mr. Hind was born in South Hampton, England, 67 years ago but as a boy of fifteen he came to Chicago where he remained for a brief period coming to Redwood City in the seventies. He at once began working at his trade of butcher. Mr. Hind was first employed by Davis Brothers. He drove a delivery wagon and had a route that extended almost from San Mateo to Mountain View. He became well-known in this territory and was very popular with all.

Later Mr. Hind purchased the business of his employers, taking as a partner the late William Lipp. The friendship of the two men continued until death separated them. They were constant companions. When Mr. Lipp passed away a few months ago Mr. Hind began to fail in health and never fully recovered from the shock caused by the death of his old friend. The partnership of Hind and Langley continued for several years when Mr. Lipp's interest was bought by the late Laben Langley. This partnership continued until the firm retired from business several years ago.

Save for a few years spent in Woodland, Yolo county, Mr. Hind resided almost continuously in Redwod City for over forty-five years.

Mr. Hind was a man of unblemished reputation, his word was his bond and no man was held in higher esteem among his fellow man than Thomas Hind. He was public spirited, generous and a man of splendid business abilities. He was universally liked and loved by all who knew him.

Mr. Hind served two terms on the board of town trustees, giving the city the benefit of his experience and showing his public spirit in all matters pertaining to the betterment of Redwood City. He gave his time freely to the people in this capacity. During his administration many public improvements were made. He was the author of the famous ordinance compelling housewives living in the neighborhood of Five Points to keep their geese from wandering on the streets and vacant lots. This law caused him much anxiety but it was enforced to the lette.r

Mr. Hind lead a quiet life after his retirement.

He is survived by two children, Miss Gertrude Hind, the popular teacher of the San Carlos school and Thomas Hind Jr., who returned some months ago from France where he served with the 319 engineers. He trained at Camp Fremont. Mrs. Hind wife of the deceased, predeceased him several years ago.

The funeral will take place from the parlors of the Redwood City Undertaking company this afternoon. Services will be conducted by Rev. C. H. Stevens at the Congregational church at 1:30 o'clock. Interment is to be at Union cemetery where the mortal remains of this good man will be placed alongside those of his departed wife.

APPLIES FOR LETTERS

Laura Kramer has applied in the superior court for letters of administration upon the estate of Mary Quinn, who died on February 1, 1915 The estate consists of a parcel of land located at South San Francisco valued at $400.

THE COUNTY BASTILE HAS NO OCCUPANT

That San Mateo County is a peace-loving and moral community was fully demonstrated on Thursday when the last prisoner at the county jail was dismissed from the bastile. Since that time there has been no prisoner in the county jail and Jailer Will Hogan has no charge but to guard the big building. Before Redwood City went dry two years ago the average number of prisoners at the jail monthly was 25 and after the dry spell went into effect the average was one a month. Now that the national prohibition is in force there is no one in Sheriff Sheehan's boarding house. This certainly shows the good results of prohibition.

VIRGINIA A. DINGEE ESTATE IS TO BE SOON DISTRIBUTED

W. J. Dingee, as executor of the last will and testament of Virginia R. Dingee deceased, through his attorney, E. F. Fitzpatrick, has filed his final account and petition for distribution.

Mrs. Dingee died on December 21, 1914, at Atlanta City, New Jersey. The remaining portion of the estate consisting of valuable paintings, carvings, wearing apparel, etc., was recently disposed of. The articles were stored in the Manhattan warehouse in the City of New York. The Dingees at one time resided in Redwood City. Mr. Dingee owned the land that has long been known as Dingee Park.

A. J. Fromm was here from Alameda on Thursday calling on friends. It was currently rumored yesterday that he had taken over the Hotel Sequoia from Mr. Mason. This rumor was denied by the latter late last evening.

THE WEEK'S EVENTS IN LOCAL CIRCLES

The defendant in the case of the Spring Valley Water company against the Peninsula Water company has substituted Ross and Ross for and instead of Milton J. Green, deceased, as their attorneys in the litigation. The notice of substitution was filed in the county clerk's office yesterday.

A marriage license was issued late Thursday night by "Cupid" in the county clerk's office to George Alexander Beveridge, aged 30, of South San Francisco and Edna Laura Reichardt, aged 25 of San Mateo. She is the daughter of Otto H. Reichardt, owner of the famous duck farm at Colma, the largest of its kind in the world. The young couple will be married this morning at San Mateo.

S. Ballstera will be here on Monday with a boat load of fresh herring. His stand will be at the Broadway bridge near the Germania hall block. He is to make trips twice a week.

The members of the Redwood City Woman's club enjoyed a delightful night in the club house Wednesday evening. Miss Eleanor Haber who arrived recently from France gave a vivid account of her experiences on the battlefields. She is a skillful impersonator and entertained her hearers in several recitations. Miss Gertrude Read presided at the piano while Mrs. A. E. Montieth regaled all with her choice selection of songs. The evening was pleasantly spent by the ladies in song and dance. A big percentage of the membership was present.

Word has been received at the home of John Read that a baby boy was born Tuesday to Mrs. Will Parker (nee Eleanor Read) at Oklahoma City, Oklahoma.

Guy P. Hull and Professor Montieth returned from Willows where they hunted geese on the famous Baldwin ranch on Saturday and Sunday. They each secured the limit in brant and honker. They report that geese were plentiful in that section. The birds feed in the rice fields.

W. B. Allen of the Palo Alto Hardware company and formerly in the hardware business in Redwood City, has been elected president of the Winchester club of northern California, the organization having been formed at a meeting in San Francisco of the hardware dealers of the northern belt who hold the exclusive agencies for Winchester goods.

Mrs. C. D. Hayward, her daughter, Miss Edna Hayward, and her other daughter and husband, A. S. Kalenborn and their four beautiful children were here last Saturday visiting friends. They recently returned from Peru, South America, where they spent the past three years. Mr. Kalenborn and his wife are both graduates of Stanford. The former is a noted electrical engineer and went to Peru to install a large plant for a wealthy New York syndicate. The Californians could not bear the oppressive heat of the south and decided to return to the Golden State. Mr. Kalenborn is looking for a location somewhere on the Pacific Coast. No more South America for him.

The Past Sachems Association of San Mateo, Santa Clara, Monterey and Santa Cruz counties, will meet tomorrow afternoon at 2 o'clock at Santa Clara. A. S. Liguori will head the seven delegates from Metamora Tribe of this city. The delegates from here are: A. S. Liguori, Henry Fulcher, A. E. Esnault, H. D. McGarvey, N. Talmage, James S. Irving and H. W. Jamieson. H. D. McGravey is the keeper of wampum of the association. The delegates will meet at the hall of Navajo Tribe of Santa Clara.

CITY TRUSTEES MET MONDAY

Mrs. J. M. Eva of 535 Brewster avenue appeared before the board Monday evening and complained about the oak trees in the streets of the city. Mrs. Eva stated that it was dangerous to automobiles traveling at night and in fogy weather. She said that while the trees were a source of beauty at the same time human limbs were more valuable than the trees.

After some discussion the matter was left to the street commissioner with instructions to advertise for bids to have all trees removed from the streets from curb to curb.

The trustees will take action to have trees planted along the curb line in the near future where they will not interfere with traffic.

There was some discussion about the railroad crossings. The Southern Pacific company has shipped in a car of "something" to be placed on the crossings, which, from all appearances will be a detriment to the city. However, the board instructed the clerk to notify the company not to put it down, and to substitue concrete blocks therefor.

A request was made by some of the residents near Five Points, west of the State Highway, for water connections. The matter was referred to Street Commissioner Ed. Dearborn, to act as he saw fit.

Dreyfus Bros. asked for 30 days' extension of time on the outfall sewer contract, stating that it is difficult to get material. The request was granted

Blanchard, Crocker & Howell also asked for an extension of 60 days in which to complete their Webster street contract, the same was granted.

W. A. SULLIVAN DISMISSED FROM CUSTODY THURSDAY

W. A. Sullivan, charged with the crime of burglary committed on January first of this year, was dismissed from custody on Thursday on motion of the district attorney Franklin Swart. The prosecutor said he could not hold the prisoner on the charge as there were no evidence to bring about a conviction. It was alleged that Sullivan entered the home of F. E. King at 60 Lowell street in this city and removed a quantity of jewelry. Many who are acquainted with the circumstances say the whole matter was a frame up against Sullivan who is an ex-soldier. F. H. Groene represented the prisoner.

DEFENDANT FILES A BILL OF COSTS

Yesterday the defendants in the damage suit of Kenneth M. Green against the South San Francisco Railroad company filed its memorandum of costs and disbursements on appeal amounting to $1373.45.

Last year Mr. Green secured a judgment against the railroad company for damages in the sum of $15,000. Recently the supreme court reversed the judgment.

A LARGE DEAL IN CHOICE ACREAGE

A deed was filed in the county recorder's office on Thursday whereby the Spring Valley Water Company transfers to William A. Remensperger and his wife fourteen acres of land in Portola Woods. By the revenue stamps on the deed it would appear that the consideration was $8000. Some years ago the company laid out the tract which adjoins the Spring Valley lake and placed it on the market. Some time after the property was withdrawn. It would now seem as though the company contemplates again placing the choice realty on the market. The tract contains the finest home sites on the peninsula.

WIFE OF FORMER BELGIAN CONSUL PASSES AWAY IN OAKLAND RECENTLY

Mrs. G. Vander Naillen, beloved mother of Mrs. J. J. Bullock, wife of the well-known attorney, passed away Wednesday at the homestead, 5204 Lawton avenue, Oakland, where she had resided for the past 46 years.

She was a pioneer of Oakland. Her husband was at one time the Belgian consul at San Francisco.

Her death was the result of a fall downstairs a month ago while playing with a grandchild, the fall resulting in a broken hip, later bringing up complications.

She refused an anesthetic when physicians set the fractured member, declaring that although she was in her eighty-fourth year, she proposed to give an exhibition of genuine Belgian grit. She had been unconscious during the past week.

Mrs. Vander Naillen, who was widely known for her charity work, was decorated by Queen Elizabeth of Belgium upon her visit here October 14 in recognition of her valuable services for the Beglian poor during the war.

King Leopold also bestowed a decoration upon her husband, Prof. A. Vander Naillen, in recognition of his services along scientific research lines in his earlier career.

The Vander Naillens came from Belgium to America in 1874 and located in Oakland where they have since resided, he having been the dean of Belgians in this country. He subsequently founded the Vander Naillen School of Engineering sixty years ago. He is living, retired.

Mrs. Vander Naillen is survived by these children: A., Jr., E. L. and R. Leo Vander Naillen, all of Oakland; Mrs. J. J. Bullock of Burlingame; Mrs. Lucy Loupy of San Francisco; Mrs. Eugene Canegsi of Oakland, and Miss Mary Vander Naillen, who lives at the family home.

SAN MATEO COUNTY

The United States Railroad Administration Magazine just published, has this to say about San Mateo county:

San Mateo county is that part of the San Francisco peninsula lying between San Francisco county on the north and Santa Clara and Santa Cruz counties on the south. It is divided lengthwise by the Santa Morena ridge of mountains, forming the backbone of the peninsula. The mountain ridge is the fertile and picturesque watershed of a region peculiarly adapted for homes of beauty and comfort on its eastern slope.

On the west the descent to the Pacific is quick and abrupt into a region occupied by farmers, dairymen stock raisers, and lumbermen. The whole ridge is anywhere accessible, and all more or less covered with oak and redwood.

Climatic and scenic surroundings, shipping facilities, proximity to the metropolis of the Pacific Coast, are all favorable conditions working toward the prosperity of this county.

This county is the home of the artichoke and brussels sprouts, the rolling hill country of its western shore showing thousands of acres under cultivation for these vegetables the market for which extends from the Pacific to the Atlantic. All sorts of vegetables thrive, the northern end seemingly being particularly adapted for their cultivation. The cultivation of flowers, both in the open and under glass, is a large and profitable industry. Seventy-five per cent of the flowers sold in San Francisco's world-famed street marts are produced here. The violet beds of San Mateo, some of which are acres in extent, have long been a lure for tourists.

On the east shore or bay side deep water has brought the county an extensive industrial development, particularly at South San Francisco and Redwood City, where harbors and manufacturing centers have been developed, some of the largest plants on the coast being located at these points.

RODERICK HYDENFELDT IS MAKING GOOD WITH SQUIRREL EXTERMINATION

Roderick Hydenfeldt of this city, who is the U. S. Health Service Inspector for Santa Clara county, is playing havoc with the squirrels in and about Palo Alto. He is located in the First National Bank building and may be seen there every Wednesdays. His exterminating campaign has been very successful.

Through his own initiative he has inaugurated a system which has proved deadly to the rodent. The Stanford Stock Farm that has been infested with squirrels for years is now free from the troublesome little animal. They have also been eradicated from adjoining ranches.

Mr. Hydenfeldt uses carbon bisulphide in his work of extermination. Young Hydenfeldt is accounted one of the most efficient inspectors in the state.

THE SUPERVISORS HOLD MEETING

The board of supervisors met in regular session Monday, January 19, 1920, at 10 a. m., there being present Chairman John MacBain, T. L. Hickey, W. H. Brown, Jos. M. Francis and Dr. C. V. Thompson.

A petition was received from C. Hasanger of Colma, asking for permission to raise hogs on the old Boicelli ranch, which is situated about a mile and a half from the town of Colma.

On motion of Hickey, seconded by Thompson, the board, in accordance with the usual procedure, appointed a committee consisting of Supervisors Brown, Hickey and MacBain to examine the property with regards to its location and other conditions.

Chairman MacBain stated that he had taken up with J. Murray of Menlo Park the matter relative to his claim against the county for two months' rent for the building formerly used as a jail for Camp Fremont and had secured Murray's agreement to accept the furniture in the building in lieu of the rent. The claim properly signed, as paid, Chairman MacBain stated had been turned over to the county auditor.

A petition signed by John Bourdette and other residents of the Belmont lighting district was received, asking for the installation of two additional lights in front of the Bourdette and the Foothills Development Company's property on the Las Pulgas road, south of Ried's school.

The petition was granted, on motion of Brown, seconded by Francis, and the P. G. & E. Company was instructed to make the necessary installation.

Justice of the Peace Porter Lamb of Burlingame addressed a communication to the board asking for a leave of absence of six months from the State in order to take a sea trip for the benefit of his health. Action on the advice of District Attorney Swart, the board, on motion of Brown, seconded by Francis, voted to grant the leave of absence for the full amount of time allowed under the law.

A petition from the San Carlos Community Council relative to the formation of an improvemefit district at that place for the purpose of constructing new streets was ordered referred to District Attorney Swart to answer in regard to legal conditions.

County Engineer George A. Kneese in accordance with instructions given him at a previous meeting, reported that he had inspected the new county jail just completed at Halfmoon Bay and found that it had been built in accordance with the plans and specifications.

Kyron O'Grady of Beresford, from whom the county purchased the property at that place for the new county hospital, appeared before the board and asked that he be given permission to use the land until the building is started, for grazing purposes. The permission was granted.

H. E. Woodworth, county horticultural commissioner addressed the board in reference to the aphis on the coastside, which he explained had become a serious menace to farmers. He requested that an appropriation of $250 be allowed by the board to conduct an experimental campaign with a view of getting rid of the evil. On motion of Hickey, seconded by Francis, this amount was set aside out of the general fund and placed at the disposal of the horticultural commissioner to be used as above stated.

In accordance with a request of Chairman MacBain, Dr. Lucas of the University of California, submittted a general report covering the plans for the new county hospital to be erected at Beresford and also the conditions under which the architects are to submit plans for the building. The report, which was read to the board by District Attorney Swart, provides that the successful architect shall receive six per cent of the total cost of the building and allows three second prizes of $400 each for the next best plans submitted. Competition is to be limited to resident architects of San Mateo county.

In order to permit the members of the board to become fully conversant with all the details of the report, District Attorney Swart agreed to furnish each with a copy. The board in order to lose as little time as possible in the matter, decided to meet again next Monday to take action on the report.

A communication was received from R. F. Chilcott of Redwood City, offering $20 for the old safe that was formerly in the office of the county recorder. The offer was accepted, on motion of Brown, seconded by Hickey.

Supervisor Hickey addressed the board with reference to purchasing a sterilizer for the county farm and hospital, he explaining that the one that had been bought some time ago had been returned. On motion of Hickey, seconded by Brown, County Purchasing Agent Ernest Werder was instructed to look into the matter and see what a new sterilizer could be purchased for.

WOODSIDE NEWS NOTES

Michael Corcoran, an old-timer in these parts and La Honda, passed away last Saturday at San Mateo at the age of 69 years. The deceased was employed by William Byrnes at Portola for a great many years. The funeral took place from the Redwood City Undertaking parlors at Redwood City on Monday where services were conducted by Father Kennedy. The deceased was interred in Holy Cross cemetery, Menlo Park.

Edward K. Murch is here from Unity, Maine, on a visit to his cousin, Walter Knight. This is Mr. Murch's first visit to California. He is delighted with the peninsula and particularly Woodside. He ma ybecome a resident of this place. Mr. Murch is a wealthy farmer owning several ranches in Waldo county, Maine. He has retired from active business. Mr. Murch is also a cousin of Mrs. Lila M. Kirkpatrick, of Redwood City.

Barney Bernasque, who has been ill at the French hospital in San Francisco, is expected home today fully recovered.

SAN CARLOS NOTES

Mr. adn Mrs. John A. Marchant, who have just returned from a fortnight's motor jaunt in the south as far as San iDego, report a delightful trip with weather conditions ideal for this season of the year. They made short stops at several places en route.

Mr. Miller Maury from Medford, Oregon, is here for a visit at the home of his sister, Mrs. Jack Cowgill.

It was a piece of good fortune to the town of San Carlos when Mrs. Joseph M. Powers purchased the two story residence property on the corner of Cypress avenue and Elm street from the First National Bank of Redwood City, as this beautiful property was rapidly deteriorating while in possession of the bank and wsa a drawback instead of an advantage in the growth of our little city. By alterations and additions Mrs. Powers is rapidly transforming this fine building into a convenient and delightful apartment house, which will be one of the show places if its kind down the peninsula. Mrs. Powers has been very successful in securing a fine class of tennants in her suburban apartments and she is assured of tenants to occupy each of these four room apartments as soon as they are complete and ready for occupancy.

Mr. N. P. Nelson, superintendent of bridges and buildings for the Southern Pacific company was here last week to go over the plan for alterations in the station building looking to the enlargement of the office facilities. If the present plans as recommended by Mr. Nelson are carried out the office space will be more than doubled, making a commodous office for the station agent and postmaster and affording ample room for an extension of the post office facilities which will provide for the large increase in population which we are anticipating within the next few years and until the business warrants establishing the post office in an indepednent building on the main avenue. The enlargement of the office will also afford ample quarters for the mayor of our city where it will be convenient for the citizens and voters to register their kicks. The happy combination of post office, municipal officers and station agent all quartered in the same building is unique and quite agreeable to the patrons and residents.

The entire community was saddened at the news of the death of Mr. Thos. Hind of Redwood City and the father of our teacher, Miss Gertrude Hind, last Thursday morning. From his daily visits to San Carlos in driving his daughter to and from her school, Mr. Hind had become a familiar figure, with his horse and buggy, to all San Carlos and particularly to the children until he had become to seem one of us. Through respect to Mr. Hind and his daughter our school was closed for the balance of the week. As a token of their love and respect the school children arranged for an appropriate floral piece.

OVER 1000 VOTERS HAVE REGISTERED SINCE THE FIRST OF THE MONTH

Since the first of the month Mrs. E. M. Nash and her deputies have registered over 1000 voters of the county. From this registration it is learned that over 75 per cent voters are registering as republicans. During the week a deputy brought a book of fifty names to the clerk's office from a certain Redwood City precinct and this showed the party affiliations to be as follows:

Republican, 38, Democrat, 6, Progressive, 2, and four declining to state their party affiliations. The voters are registering rapidly for the presidential primaries in May.

The plaintiff asks for the community property consitsing of household furniture at their home in South San Francisco. The furniture is valued at $300.

TITLE OF SELBY PROPERTY VESTED IN SELBY HEIRS

Judge John L. Hudner of Hollister sitting in department two of the superior court yesterday made an order or decree vesting the title of the Selby property at Atherton in the Thomas H. Selby heirs.

The decree practically distributes the estate to the heirs. When Thomas H. Selby, a former mayor of San Francisco, died in 1876 he left a will by the terms of which the Selby ranch at Atherton, consisting of 464 acres, was left in trust to his wife, Henrietta I. Selby, the revenue from which she was to enjoy during her natural life. Over three years ago Mrs. Selby and the heirs asked the superior court to set aside the trust so that the property might be sold and the money invested so that an income might be derived from the ranch which at that time was bringing no revenue. The request was granted and D. P. Flynn was appointed trustee. Mrs. Selby in the mean time passed away, so that decree made by Judge Hudner is practically a distribution.

The ranch has been divided by the trustee to the satisfaction of all the heirs. The property is the choicest in the county. It faces on the highway at Atherton and slopes back to the foot-hills. It is valued from $2000 to $3000 an acre.

The heirs who will participate in the distribution are: Faxon Atherton Jr., Mrs. Clara Ralston, P. W. Selby, Fred Kempff, Clarence Kempff, Cornelia Kempff, Florence Selby, Arthur Selby, Paul Selby, Mrs. Coralis Olney, Mrs. Bullitt. Mrs. Clara Ralston and P. W. Selby secured the largest share of the land under the distribution. E. F. Fitzpatrick represented the trustees, E. J. Pringle the plaintiffs, James T. O'Keefe, the minors, McCutcheon, Willard and Mannon for Faxon Atherton Jr. and Clarence Kempff.

The final account of the trustee will be filed shortly when the big estate will be finally distributed.

M. J. HAWES WILL WAS FILED FOR PROBATE

The last will and testament of M. J. Hawes, who died in San Francisco on December 30, 1919, was filed for probate in the county clerk's office on Thursday by Attorney J. W. Coleberd.

The will is dated November 14, 1919. The entire estate is valued at $22,367.64. It consists of real estate situated at South San Francisco valued at $14,000, cash in banks amounting to $6,632.64, a promissory note worth $565 and nine shares of the capital stock of the Bank of South San Francisco worth $1170. The entire estate is bequeathed to the two children of the deceased, John Joseph Hawes, aged 17 and Julia Hawes, aged three years.

The deceased in the will requested that the girl remain in the custody and charge of Elizabeth Rodgers of South San Francisco. Mr. Hawes appoints Father James P. Moran and Fred E. Cunningham of South San Francisco as joint guardians of the minors. He also appoints them executors of the estate to serve without bonds. They have applied for letters testamentary upon the estate. Mrs. Hawes passed away only a short time ago. The Hawes were pioneer residents of South San Francisco.

MRS. C. C. NEUMAN HAS FILED ANSWER IN WILL CONTEST

Mrs. Clara C. Neuman, through her attorney, H. H. McPike, has filed her answer to the contest filed against the estate of A. A. Neuman by Mrs. Sanderson of Burlingame.

Mrs. Neuman denies all the allegations of the contest. She specifically denies that the will executed on September 16, 1916, by A. A. Neuman, was done under duress or undue influence by her. She says that Mr. Neuman was competent to make the will and did so voluntarily without any request from her.

By the terms of the will all the estate was left to Mrs. Clara C. Neuman, wife of the deceased. The contest brought recently was on the grounds that Neuman was incompetent at the time of the execution of the will and that he was unduly influenced to make the will by his wife.

The instrument was filed in the county clerk's office on December 8 of last year.

BOTTLING

BRIEF SYNOPSIS OF PRECEDING ARTICLES)

(Cows the washed daily and given food. Stalls are sprayed and painted with disinfectant liquids. Milk is obtained in sanitary patent-covered milk pails, in which it is immednately cooled, and rushed to our down-town store. The milk is then clarified, whereby foreign substance is ejected, which is more efficient than straining. After this comes the Pasteurizing—a process which kills all germs, thus preventing possible infection from tuberculosis, diphtheria, or scarlet fever bacteria. After Pasteurization, the milk is cooled.)

After cooling the milk is pumped into the Automatic Sanitary Bottling Machine (the only dairy in vicinity which bottles entirely by machine.) Bottles are filled and capped without ever being touched by hand—

here is one of the finest examples of true cleanliness, for under the old bottling by hand process, many particles of dirt and germs could have been bottled in.
